Course Activities - Mastering Adobe Lightroom for Photo Editing

Course Code: TGS-2022015367 | Version v12.0 | 19 August 2026

Each activity is self-contained and includes authorised source images, a realistic client scenario, detailed click-by-click Lightroom workflow, worksheet, and acceptance checklist in both Markdown and PDF.

Working rule

Keep source images unchanged. Save edits, screenshots, review notes, and exports in a separate evidence/ folder inside the matching activity folder.

Activities
